WCIRDC 2020

18th Annual
World Congress Insulin Resistance Diabetes & Cardiovascular Disease
CME Conference
December 3-6, 2020
LIVE-INTERACTIVE-ONLINE

818-342-1889 | www.wcir.org | info@tmioa.com
Dear Supporter,

You are cordially invited to become a sponsor of the 18th Annual World Congress on Insulin Resistance, Diabetes and Cardiovascular Disease (WCIRDC) Live, Interactive, Online conference. The 18th WCIRDC will be held on December 3-6, 2020, as a virtual event.

WCIRDC is dedicated to all things diabetes, obesity, lipids, cardiovascular disease, kidney disease, liver disease, energy balance and more. By utilizing our state-of-the-art approach, "Exploring New Frontiers in Metabolism- Tomorrow’s Clinical Science Today," this congress brings world-renowned leaders together across multiple specialties to evaluate the existing clinical and basic science, understand pathophysiology, and develop appropriate, comprehensive management plans for high-risk patients.

Please explore the various opportunities we offer which are designed to expand your company's branding by exposing your products and services to over 1,500 scientists, clinicians, and healthcare professionals who will attend the annual meeting, virtually.

We encourage you to take advantage of these great support opportunities. If you would like more information, have any specific company needs or questions, please contact Nava Mekel at 818-342-1889 or nava@tmioa.com.

**About MEEF**

The Metabolic Endocrine Education Foundation (MEEF) is a leading national health foundation devoted to improving patient care and public health through education. MEEF, a nonprofit organization (USA-501©3), sponsors educational research activities for professional healthcare providers, patients and the community at large. For more than a decade, MEEF has developed multiple live educational programs for researchers, physicians, and other healthcare professionals in metabolic conditions including: obesity, cardiometabolic syndrome, diabetes, and cardiovascular disease.

Its distinctive flagship program, the World Congress on Insulin Resistance, Diabetes & Cardiovascular Disease (WCIRDC), has become one of the foremost meetings in the world where endocrinologists, cardiologists, researchers and other healthcare professionals meet and discuss the latest developments in both basic and clinical science.

Additional opportunities may be available. For more information please contact: info@tmioa.com or 818-342-1889
